YD7600 Patient Transfer System

- Ceiling-Mounted Patient Transfer System
- Engineered for Safe and Efficient Patient Handling
- Designed for Individuals with Reduced Mobility
- Advanced Motorized Lifting and Traversing Technology
- Smooth, Stable and Ultra-Quiet Operation
- Space-Saving Overhead Rail Solution
- Fully Customizable Rail Configurations
- Suitable for Open, Enclosed and Multi-Room Environments
- Facilitates Bed-to-Chair, Bed-to-Wheelchair and Bathroom Transfers
- Reduces Caregiver Injury Risk and Physical Strain
- Enhances Patient Comfort, Safety and Dignity
- Lightweight and Durable Aluminum Rail Construction
- Secure and Reliable Lifting Performance
- Integrated Emergency Stop and Emergency Lowering Functions
- Ergonomic Rechargeable Hand Control Unit
- High-Capacity Load Handling Options
- Compatible with a Wide Range of Patient Slings and Accessories
- Ideal for Hospitals, Nursing Homes, Rehabilitation Centers and Home Care Settings
- Improves Care Efficiency and Workflow Productivity
- Unobstructed Floor Access for Maximum Accessibility
- Low-Maintenance and Long-Service-Life Design
- Custom Project Design and System Planning Available
- Turnkey Installation and Commissioning Services
- Compliant with International Healthcare Safety Standards
- Designed for Continuous Professional Healthcare Use

4 Handled Patient Turner and Positioning Aid

■ 4 Handled Patient Turner and Positioning Aid

- Patient Positioning and Transfer Sheet
- Designed for Repositioning and Turning Patients in Bed
- Facilitates Safe Patient Handling
- Reduces Physical Strain on Caregivers
- Three-Layer Nylon Fabric Construction
- Soft, Comfortable and Skin-Friendly Surface
- Enhanced Patient Comfort and Protection
- Durable and High-Strength Material
- Four Reinforced Ergonomic Carry Handles
- Fast and Secure Patient Repositioning
- Suitable for Lateral Transfers and Bed Mobility Assistance
- Lightweight and Easy-to-Use Design
- Washable and Easy-to-Clean Fabric
- Suitable for Hospitals, Nursing Homes and Home Care Environments
- Improves Caregiver Efficiency and Patient Safety
- Designed for Daily Patient Care Applications
- Reliable and Long-Lasting Performance
- Compact and Easy-to-Store Design
- Supports Safe Transfer and Position Adjustment Procedures
- Ideal for Patients with Limited Mobility or Bedridden Individuals

- Patient Lifting Belt

- *Padded Bed Transfer Nursing Sling*
- *Designed for Safe Patient Transfer and Repositioning*
- *Ideal for Elderly and Mobility-Impaired Individuals*
- *Assists Transfers Between Bed, Chair and Wheelchair*
- *Integrated Back Support Design*
- *Ergonomic Dual-Grip Handle System*
- *Enhances Caregiver Control and Safety*
- *Soft and Durable PU Reinforced Handles*
- *High-Strength Textured Nylon Fabric Construction*
- *Comfortable and Secure Patient Support*
- *Lightweight and Portable Design*
- *Easy to Use and Easy to Clean*
- *Suitable for Daily Home and Professional Care Applications*
- *Durable and Long-Lasting Performance*
- *Supports Safe Lifting, Turning and Repositioning*
- *Ideal for Home Care, Hospitals and Nursing Homes*
- *Compact and Easy-to-Store Construction*
- *Maximum User Weight: 100 kg*
- *Product Dimensions: 80 × 24 cm*
- *Designed to Improve Patient Comfort and Caregiver Efficiency*

Wheelchair seat belt

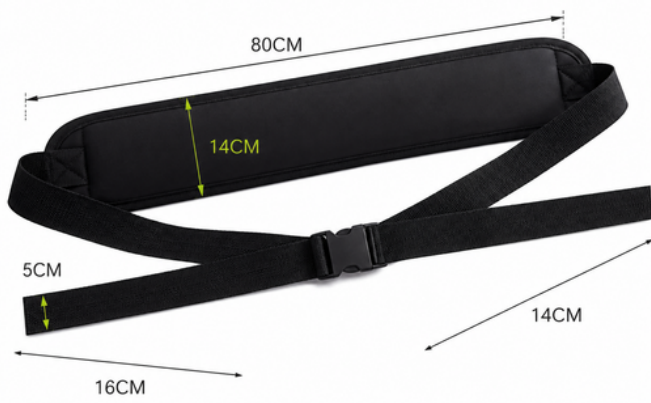

- Wheelchair Safety Seat Belt
- Designed for Enhanced User Safety and Stability
- Prevents Forward Sliding and Unintended Movement
- Provides Secure Seating Support
- Adjustable Strap Length for Personalized Fit
- Quick-Release Buckle System
- Easy to Apply and Remove
- Comfortable Design for Extended Use
- Durable and High-Strength Webbing Material
- Reinforced Stitching for Maximum Reliability
- Helps Maintain Proper Seating Position
- Suitable for Wheelchairs and Transport Chairs
- Lightweight and Easy-to-Clean Construction
- Ideal for Elderly and Mobility-Impaired Users
- Supports Safe Daily Mobility Activities
- Suitable for Hospitals, Nursing Homes and Home Care Environments
- Reliable and Long-Lasting Performance
- Enhances Caregiver Confidence and User Security
- Designed for Everyday Use
- Secure and User-Friendly Operation

How To Use

Product Size

Adjustable Bed Restraint Safety Belt

- Designed to Prevent Falls and Accidental Bed Exits
- Enhances Patient Safety During Rest and Recovery
- Adjustable Buckle Closure System
- Secure and Reliable Fixation
- Quick and Easy Installation
- Comfortable Design for Extended Use
- Soft and Skin-Friendly Materials
- Durable and High-Strength Webbing Construction
- Reinforced Stitching for Maximum Security
- Adjustable Length for Individual Needs
- Helps Maintain Safe Bed Positioning
- Suitable for Elderly and Mobility-Impaired Individuals
- Ideal for Hospitals, Nursing Homes and Home Care Environments
- Easy to Clean and Maintain
- Lightweight and User-Friendly Design
- Supports Caregiver Safety and Confidence
- Designed for Daily Patient Care Applications
- Reliable and Long-Lasting Performance
- Provides Safe and Comfortable Patient Restraint Support

Patient Aid Bariatric Sit to Stand Lift Buttock Strap

Patient Aid Bariatric Sit to Stand Lift Buttock Strap

- *Bariatric Sit-to-Stand Lift Buttock Strap*
- *Designed for Sit-to-Stand Transfer Assistance*
- *Ideal for Bariatric and Mobility-Impaired Patients*
- *Provides Secure Buttock and Lower Body Support*
- *Facilitates Safe Standing and Repositioning*
- *Enhances Patient Stability During Transfers*
- *Ergonomic Design for Improved Comfort*
- *Reduces Physical Strain on Caregivers*
- *Compatible with Most Sit-to-Stand Lift Systems*
- *Reinforced Lifting Attachment Points*
- *High-Strength and Durable Fabric Construction*
- *Secure and Reliable Weight Distribution*
- *Easy Application and Removal*
- *Washable and Easy-to-Clean Materials*
- *Suitable for Daily Patient Handling Activities*
- *Designed for Hospitals, Nursing Homes and Home Care Environments*
- *Supports Safe and Dignified Patient Transfers*
- *Available in Multiple Size Options*
- *Reliable and Long-Lasting Performance*
